

Joshua Warren Taylor

josh.w.taylor@usu.edu • 208(851-0492) • www.linkedin.com/in/josh-w-taylor

Education

Utah State University, College of Engineering

Logan, UT

MS Aerospace Engineering

Dec 2026

- Weekly research and writing in a thesis
- Related Courses: Spacecraft Systems Engineering, Spacecraft Systems Design

BS Mechanical Engineering – Aerospace Emphasis

May 2025

- Dean's List for 4 semesters
- Related Courses: Machine Design, Capstone Senior Design, Technical Writing
- Team lead for two years in a robotics university team competing in Space Dynamics Laboratory's SpaceBot competition

Publications

R. Antonuccio, K. Howes, **J. Taylor**, and C. Swenson, "A high-sensitivity, low-power magneto-inductive magnetometer for space-based magnetic field measurements and noise mitigation," in *Proc. 39th Annu. Small Satellite Conf. (SmallSat)*, Logan, UT, USA, 2025. [Online].

J. Taylor, "Development, analysis, and qualification of a hinge and HDRM assembly for small satellite deployable probes," M.S. thesis, Utah State Univ., Logan, UT, USA, in progress.

Work Experience

Utah State University

Logan, UT

Graduate / Undergraduate Research Assistant – Center for Space Engineering

Aug 2023 – Current

- Create different solutions for various space satellites aimed at measuring space weather in LEO
- Design and manufacture unique components required for each mission
- Lead in assembly and integration of solutions for 3 missions
- Meet with a team of 12 for at least 2 hours every week to report on design progress and to gather feedback on the solutions plus more on an irregular basis

Undergraduate Teaching Fellow – College of Engineering

Aug 2022 – Aug 2023

- Weekly initiated at least 9 hours of helping students learn during class and office hours
- Proficiently understood the mechanics of SolidWorks to teach and answer questions pertaining to student projects

Volunteer

Religious Service Mission

Buenos Aires, Argentina; Washington DC

Volunteer

Jun 2019 – May 2021

- Worked 16-hour days, 7 days a week doing tasks such as service, teaching, and daily studies
- Learned and spoke fluent Spanish, trained other volunteers, and worked with a diverse range of 4+ individuals at any point in time

Luke's Loves Charity Organization

Kuna, ID; Preston, ID; Logan, UT

Co-Owner, Organizer, and Volunteer

Nov 2010 – Current

- Organize blanket drives at various locations to collect 350+ blankets annually
- Donate blankets to over 15+ local institutions such as hospitals, orphanages, relief centers, and homeless shelters

Certifications & Skills

- Solidworks Professional Mechanical Design, Professional Advanced Sheet Metal, Professional Advanced Surfacing, Professional Advanced Drawing Tools, Additive Manufacturing Certifications
- Onshape Direct Editing Course Completion
- STK Level 1 Certified
- Intermediate Experience with Manual and CNC machining processes
